NONDISCRIMINATION POLICY - It is the policy of South Western School District not to discriminate on the basis of sex, creed, handicap, or race in its educational programs, activities, or employment policies as required by Title IX of the 1972 Educational Amendment and by section 504 of the Rehabilitation Act of 1973.

This year's calendar is dedicated to Director of Transportation, Mrs. Regina V. Krysiak, in appreciation for her 30 years of service to the children and families of the South Western School District, and especially for her unrelenting commitment to safety.

The South Western School District is dedicated to providing a continually improving educational environment, through a cooperative effort with the family and the entire community, in which all students are encouraged and expected to achieve their full potential, to express themselves clearly, to think reflectively, and to interact responsibly in preparation for lifelong personal growth.

Adopted October 24, 1990

Revised March 25, 2002

Our Beliefs

- All students are unique, can be successful and are entitled to a quality education that will help each to reach his or her greatest potential.
- Quality education requires the cooperation and support of students, parents, staff, and the community.
- Responsible behavior is nurtured in a learning environment that provides opportunities for students to make and be held accountable for their decisions.
- Quality education provides a myriad of learning opportunities that helps each student develop confidence, teamwork, and compassion for others.
- The school environment must always be safe and promote the ideals of respect for others, a strong work ethic, and self-discipline.
- The utilization of new methodologies and technologies is essential to providing students a quality education in a constantly changing world.
- Effective teaching addresses individual differences, promotes self-esteem, and encourages students to maximize education opportunities.

Adopted September 25, 1996
