

DENTAL CARE DAY

February 2012

In mid February, members of the York County Dental Society will be participating in the 26th annual "Doctor's With a Heart" program. This program provided treatment at no cost to people of limited financial means that do not have dental insurance or medical assistance.

Services provided are examinations, cleanings, x-rays, fillings, or elimination of pain. Interested individuals need to call a participating office to schedule an appointment. Agencies can call the participating offices immediately. Appointments from outside the agencies will not be taken until February 1, 2012.
